

TIM & JOAN CARMICAL

Serving with Ethnos360 (founded in 1942 as New Tribes Mission)

March Highlights

We spent 26 nights on the road in 3 time zones and drove 4300 miles. Our time was divided up between Ethnos360 Bible Institute WI, Cornerstone Bible Institute SD, Sunshine Bible Academy SD, and Camp Witness in NE.

April Highlights

Spent time with son Connor and daughter-in-law Sarah during their Spring Break.

Hosted 4 groups of people at our home, for a total of 16 people over 15 days.

May Highlights

Connor Carmical graduated from Ethnos360 Bible Institute.

We got to see our son Jonas. It was his 1st time at our house in over a year, and we didn't have him long enough.

June Highlight

Finished the 1st weeks of our summer season. At East Iowa Bible Camp we saw our largest response ever, both to the Gospel and the challenge of missions.

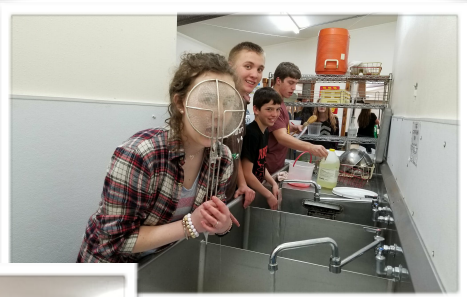

Miller, SD At Sunshine Bible Academy's first ever Mission Conference, we met a lot of bright students, including one from Papua New Guinea.

Waukesha WI Connor Carmical and Paul Salmon graduated from Ethnos360 Bible Institute. To complete the 2 year course, they've studied every book of the Bible and logged in well over 1000 hours of reading. We love them both and are proud of their dedication and sacrifice.

Long Pine, NE You know the Dish Crew at Camp Witness is crazy when they're all volunteers!

Deep River IA, Students make decisions at the end of Tim's message at East Iowa Bible Camp. Many decided to be missionaries and some got saved!

How's the car?

The trans fluid is black but I've been warned not to change it. There is a coolant leak we can't find and every few hundred miles or so we need to add fluid. Also, sometimes it won't start, shaking and sputtering like it's not getting fuel. It's got over 180,000 miles. We'd like something bigger that could safely pull the old 50's camper that Camp Witness gave us. With it we could visit more places that don't offer housing.

Prayer Requests

- More meetings, especially in TN or the South. Know of somewhere we should visit, let us know. Our ministry is mobilizing the church to be active in reaching Unreached People Groups. It's not our job to talk about ourselves, and we don't ask for a dime. Your recommendation could be the open door we need.
- Financial Support. We'd like to see more younger people on our team. We're responsible for our expenses, even those normally covered by an employer.
- Join us in praising God for faithfully meeting our needs.

IFCA National Youth Convention

Appalachian Bible College, WV.

We were thrilled to be invited back for another week at the IFCA Nat'l Youth Con. The more we are involved with these folks, the more impressed we are by their young people. Since it was just the 2 of us attending we had a lighter load this year, teaching 8 sessions instead of last year's 12. I was lucky enough to have my morning sessions in the main chapel so they were well attended, although a lot of that had to do with the titles I gave my sessions...

1. Chainsaws and a One-legged Missionary
2. When The Witchdoctor Won't Take Insurance
3. Don't Eat The Poison Arrows
4. Your Shark Is Not A Floatation Device
5. How To Groom A Hairy Tarantula
6. Pick Your Swimming Partner, Piranha vs Croc

If you're wondering what these were about, so were the kids. I won't give them all away, but to give you an idea #1 was about Discipleship and #6 was about finding God's will for your life.

Upcoming Events

For security reasons we won't list everywhere we go or when. But please contact us if you think we're near your area, we'd love to visit.

July - Raccoon River Bible Camp IA, & East Iowa Bible Camp IA

Aug - Camp Witness, NE & Ethnos360 Bible Institute WI

Sept - Gateway Church Community Church MI & Johnstown Christian School PA

Oct - Liberty Bible Church IL & Grace College IN
